["Orders to Kill" Dr. Martin Luther King: The Government that Honors MLK with a National Holiday Killed Him](#)

By [Edward Curtin](#), November 28 2016

Very few Americans are aware of the truth behind the assassination of Dr. Martin Luther King, Jr. Few books have been written about it, unlike other significant assassinations, especially JFK's. For almost fifty years there has been a media blackout supported by government deception to hide the truth. And few people, in a massive act of self-deception, have chosen to question the absurd official explanation, choosing, rather, to embrace a mythic fabrication intended to sugarcoat the bitter fruit that has resulted from the murder of the one man capable of leading a mass movement for revolutionary change in the United States. Today we are eating the fruit of our denial.

[What Has Neoliberal Capitalism Ever Done for India? The Demonetization Heist](#)

By [Colin Todhunter](#), November 29 2016

When India ushered in neoliberal economic reforms during the early 1990s, the promise was job creation, inclusive growth and prosperity for all. But, some 25 years later, what we have seen is almost 400,000 farmers committing suicide, one of the greatest levels of inequality out of all 'emerging' economies, a trend towards jobless 'growth', an accelerating and massive illegal outflow of wealth by the rich, and, as if that were not enough, now we have the sequestration of ordinary people's money under the euphemism 'demonetization'.

[UK Independence Party Leader Nigel Farage, Bombast and the US-British Relationship](#)

By [Dr. Binoy Kampmark](#), November 29 2016

Never accuse the former leader of the UK Independence Party (UKIP) of being shy. In recent days, Nigel Farage has been reiterating to followers and press outlets that his party was instrumental in electing Donald Trump as US president. Very cocksure is old Farage, and it was confidence that did get a boost from a personal endorsement from Donald Trump that he be appointed Britain's ambassador to the United States.

[The West's War on Thailand's Next King](#)

By [Tony Cartalucci](#), November 29 2016

The first fatal mistake Western observers make when attempting to describe Thailand's monarchy is comparing it to European, or worse yet, Arabian institutions. It is neither. With the passing of the universally revered King Bhumibol Adulyadej and the upcoming coronation of his successor, Prince Maha Vajiralongkorn, Western observers are indulging deeply in this mistake once again – many doing so intentionally for politically-motivated reasons.

[The Fantasy at the Centre of Israel's "Muezzin Bill". Legislation to "Stop the Dawn Call to Prayer"](#)

By [Jonathan Cook](#), November 29 2016

Israeli legislation ostensibly intended to tackle noise pollution from Muslim houses of worship has, paradoxically, served chiefly to provoke a cacophony of indignation across much of the Middle East.
