[Video: COVID-19 Was a Mass Mind Control Operation: Pandemic Used to Inflict Psychological Terror on World](#)

By [Reiner Fuellmich](#) and [Stew Peters](#), July 13, 2023

What do transgenderism, pedophilia, and Covid-19 have in common? Dr. Reiner Fuellmich is here to talk about the mental terrorism inflicted on the world during the Covid pandemic. According to Dr. Fuellmich's findings, Covid was all fake. It was an act of psychological terrorism acting as a pilot program for mass mind-control. In effect, the purpose of all of it was to dumb down the population, making them more reliant on powerful institutions and more suggestible to extreme ideas.

[Why Use of Cluster Bombs for 'Liberating' Territory Implies Serious Self-Harm Too](#)

By [Bharat Dogra](#), July 13, 2023

In the middle of an intensifying controversy over whether western countries should supply cluster bombs to Ukraine for use in the ongoing conflict, another issue that deserves serious attention is that if cluster bombs are to be used for 'liberating' its own territory by Ukraine, which is the stated aim for obtaining the supply of these deadly weapons by Ukraine from western countries, then the use of these weapons necessarily involves self-harm in the context of longer-term impacts of cluster bombs.

[It's Time to Dispel the 12 Assumptions That Increase College Debt](#)

By [Lauren Hathaway](#), July 13, 2023

With a sobering number of college students grappling with the burden of student loans, the recent Supreme Court decision blocking the proposed student loan debt forgiveness program has made the need for a solution more urgent than ever.

### [Towards NATO's Direct Participation in Ukraine?](#)

By [Lucas Leiroz de Almeida](#), July 12, 2023

Western analysts are encouraging NATO's direct participation in the conflict. On July 8, foreign affairs commentator Simon Tisdall published an article in The Guardian called "[Defeat for Ukraine would be a global disaster. Nato must finally step in to stop Russia](#)". He argues that Ukraine's entry into NATO should be accelerated, with a process similar to the one that guaranteed Finland's accession.

### [Why We Must Fix the Media – and Save the World. Hollywood's "Just Wars"](#)

By [Matthew Alford](#), July 12, 2023

Is it any wonder that our politicians, as though clutching rosary beads, prefigure Russia's invasion of Ukraine with the word "illegal" with no sense of irony and "unprovoked" with no sense of history? When was the last thing you saw a depiction of Russia which didn't have it crawling with tyrants?

### [Vilnius: Fizzling NATO Bets on Technology. War and the Weaponization of AI](#)

By [Karsten Riise](#), July 12, 2023

The accession of Sweden into NATO was Biden's last bid to avoid a complete embarrassment. Sweden is important not for Ukraine, but for the European security order after NATO's loss of Ukraine. Russia is NATO's main enemy, and China is already next – words and bluster. No promises to Ukraine. Zelensky is angry. See [this](#).

### [The Proxy War Against Russia Could be Stopped Immediately and Thus a Third World War Prevented](#)

By [Dr. Rudolf Hänsel](#), July 12, 2023

Time is again "out of joint" (Shakespeare) as it was before the First and Second World Wars. Yet it seems that we citizens again do not know what to do in this incendiary situation. Above all, the intellectuals among us have a much greater responsibility than one would generally like to admit, because it would be their duty to think for the other people and to proclaim freedom in general with the freedom of thought.

## [Targeted for Tyranny: We're All Suspects Under the Government's Precrime Program](#)

By [John W. Whitehead](#) and [Nisha Whitehead](#), July 12, 2023

And thanks to the 24/7 surveillance being carried out by the government's spy network of fusion centers, we are all now sitting ducks, just waiting to be tagged, flagged, targeted, monitored, manipulated, investigated, interrogated, heckled and [generally harassed](#) by agents of the American police state.

## [Do EMF and Wireless Devices Endanger Children's Health?](#)

By [Dr. Gary Null](#) and [Richard Gale](#), July 12, 2023

Children are exposed to EMF from various wireless devices, such as smartphones, tablets, and Wi-Fi routers. Although these devices generally comply with FCC guidelines, there are serious concerns about the cumulative effects of exposure, particularly for children who use wireless devices extensively.

## [Video: Agent Zelensky](#)

By [Scott Ritter](#), July 12, 2023

As a former intelligence officer, I've been wondering why has no one done an investigation about Volodymyr Zelensky, the President of Ukraine. His rise to power, in my opinion, represents an incredible manipulation of world opinion that will go down in history as a classic case study in social psychological engineering: an ordinary comedian who came to power because he promised a long-awaited peace, who then dragged his fellow citizens into a bloody war that can only be described as a massacre.
