[Video: Foreign Mercenaries in East Ukraine. Appeal of Alexander Drueke, US Fighter Captured in DPR](#)

By [South Front](#), July 19, 2022

My name is Alexander Drueke. I'm a U.S. citizen from Alabama. On June 9th, I was captured outside Kharkof. And I've been held in captivity since then. During my captivity I've been treated very well. I have food and water. I have access to legal help and medical care if needed. But, of course, I would much rather be back home with my family.

[Inside Australian Labor's Assange Game Plan](#)

By [Kellie Tranter](#), July 20, 2022

"Quiet diplomacy", a "soft approach", a "loud approach" and "avoiding megaphone diplomacy" have all been [floated as strategies](#) to "bring to an end" the case against WikiLeaks founder, Julian Assange. In situations like his, the best form of diplomacy is that which produces results most favourable to the citizen involved and at the same time keeps them safe and in good health.

[Fifth Generation \(5G\) Directed Energy Radiation Emissions in the Context of Contaminated Nanometal COVID-19 Vaccines with Graphite Ferrous Oxide Antennas](#)

By [Mark Steele](#), July 20, 2022

Cyber Command USA had been made aware of my expertise and specifically requested my advice with regard to an unusual 5G antenna design deployed across the USA. I have been extremely fortunate that most (but not all) of my research and product development work has been carried out outside of the Official Secrets Acts (OSA) legislation. I have acted as a witness and provided statements in several court cases, exposing the lack of any credible

evidence that the 5G light-emitting diode (LED) network and planned neural connection to the 5G grid are safe.

### [The UK Government's Official Data Shows They Are Killing Our Children](#)

By [Steve Kirsch](#), July 19, 2022

The UK government seems to be not including the most interesting metrics to assess safety and efficacy. The Expose points this out; it seems when the numbers work against them, they either stop reporting the data entirely, stop breaking it out, or in this case, not doing the calculation of the deaths per 100K person years so that only more motivated people will take the time and see that there is a huge problem.

### [The COVID Crisis in Japan: Lockdown, Economic Crisis, the mRNA Vaccine, the Tokyo 2020 Olympics](#)

Today at the time of writing my thoughts are with the people of Japan. The COVID-19 crisis is destroying people's lives. My responsibility as an author is to reveal the truth, break the tide of media disinformation and reach out Worldwide to as many people as possible. This book is the result of more than two years of detailed research on the causes and consequences of the COVID-19 crisis. I am much indebted to the publisher and translator for their commitment and support throughout this endeavor.

### [Joe Biden's Secret War in Ukraine. The Imminent Danger of a Large Scale US-Russia War](#)

By [Philip Giraldi](#), July 19, 2022

The White House keeps insisting that it will not directly involve American soldiers in the war in Ukraine, but it keeps taking steps that will inevitably lead to a large-scale open combat role for the US against Russia.

### [The United States Does Not Have an Economy](#)

By [Dr. Paul Craig Roberts](#), July 19, 2022

The US financial sector has long looted other countries. A number of participants have described the process. First a country is enticed with bribes to the leaders to take out loans that cannot be serviced or repaid. Then in comes the IMF. Austerity is imposed on the population. Public services and employment are cut to free resources for debt service, and public assets are sold to repay the loan.

### [U.S. Public Health Agencies Aren't 'Following the Science,' Officials Say](#)

The calls and text messages are relentless. On the other end are doctors and scientists at the top levels of the NIH, FDA and CDC. They are variously frustrated, exasperated and alarmed about the direction of the agencies to which they have devoted their careers.
