[War Without End. What Is Wrong with the United States of America?](#)

By [Philip Giraldi](#), November 01, 2022

Prussian Major General Carl von Clausewitz famously drew on his own experience in the Napoleonic Wars to examine war as a political phenomenon. In his 1832 book “On War” he provided a frequently quoted pithy summary of war versus peace, writing in terms of politico-military strategy that “War is a mere continuation of politics by other means.”

[‘Military Madness’: US to Deploy Nuclear-Capable B-52s to Australia, Provoking China](#)

By [Kenny Stancil](#), November 01, 2022

In what critics are calling a “dangerous escalation,” the United States is reportedly preparing to deploy up to six nuclear-capable B-52 bombers to northern Australia, where they would be close enough to strike China.

[Latin America and the Caribbean – Between Cooperation and Intervention](#)

By [Stephen Sefton](#), November 01, 2022

The military, economic, diplomatic and psychological war between the Russian Federation and NATO has revealed several weaknesses in the ability of the United States and its allies to maintain their dominance in the world. A remarkable fact has been that practically no government in Latin America and the Caribbean has collaborated with the illegal coercive measures of the United States and the European Union against Russia and Belarus.

[Advocating World War Three Is Just Mainstream Punditry Now](#)

By [Caitlin Johnstone](#), November 01, 2022

Mainstream punditry in the latter half of 2022 is rife with op-eds arguing that the US needs to vastly increase military spending because a world war is about to erupt, and they always frame it as though this would be something that happens to the US, as though its own actions would have nothing to do with it.

[How the Media Quarantined Evidence of Cancer in Iraq and the Role of B.P.](#)

By [Media Lens](#), November 01, 2022

Some of the worst ‘modern sacrifice zones’ are found on the outskirts of Basra, in the south-east of Iraq, ‘some of the country’s biggest oil exploration areas’. Flared gases from these sites are dangerous because they emit a mix of carbon dioxide, methane and black soot which is carcinogenic.
