By [Prof. Joseph H. Chung](#), April 03, 2023

The Xi-Putin Summit (March 22-24) was a strategic summit of two “non-western” super powers. The outcome of the summit will have far-reaching implications for the future of mankind. A Delaware Superior Court Judge, Eric M. Davis, has ruled for Dominion election machines that Fox News reporting of evidence of election fraud in the last presidential election is false. [Putin's Enormous Blunder](#)

By [Eric Zuesse](#), April 03, 2023

Putin's biggest-ever blunder has been his failure to have offered to Finland a guarantee of peaceful relations, and of favored-nation status on trade (including on energy-prices of oil and gas, which, prior to the 2022 U.S.-imposed sanctions against Russia, European countries had, for decades, been buying at lower prices from Russia than from any other country, even without any favored-nation status), if Finland will not join NATO.

There has been almost a quarter of a century since NATO aggression on Serbia and Montenegro (the Federal Republic of Yugoslavia). During the aggression, some 4,000 of our fellow citizens were killed and twice as many injured. Three quarters of casualties were civilians, among them sadly a large number of children, from Milica Rakić, a toddler from Batajnica, to Sanja Milenković Serbia's high school champion in mathematics from Varvarin.

In a brilliant [Op-Ed](#) published in the New York Times, the Quincy Institute's Trita Parsi explained how China, with help from Iraq, was able to mediate and resolve the deeply-rooted conflict between Iran and Saudi Arabia, whereas the United States was in no position to do so after siding with the Saudi kingdom against Iran for decades.

[No Fake "Unification" for Korea](#)

By [Emanuel Pastreich](#), April 03, 2023

I learned early on that the debate on North Korea is controlled by a handful of experts on North Korea who are jealous of their territory; they do not welcome outsiders, or amateurs, into their discussions—whether in Washington D.C. or in Seoul.

By [Manlio Dinucci](#), April 03, 2023

Moscow points out that the United States has placed its tactical nuclear weapons in Europe, in six NATO countries: Italy, Germany, Holland, Belgium, Turkey, and Greece (they are not currently in Greece, but there is a depot ready to receive them).
