It's *WORTH* Calling

Unless you are among the [one-quarter](#) of Americans who like being a [slave to government surveillance](#) and unnecessary anti-terror laws like the Patriot Act that have [gutted our freedom](#), you should [call your Congress critters](#) and demand they support Rush Holt's "[Surveillance State Repeal Act](#)".

And Alan Grayson's "[Mind Your Own Business Act](#)" to stop NSA spying.

And unless you enjoy the [drastically decreased prosperity caused by the big banks manipulating more and more of our economy](#), you should contact your [designated pimp](#) and demand that they support Elizabeth Warren and John McCain's "[21st Century Glass Steagall Act](#)".

These are the 3 most important bills in Congress right now, as their passage could reverse some of the main ills in our society today.

Please hold your nose and call ... even if you'd rather [sleep in a hotel infested with lice](#).
