Dr. Thomas Binder is a Swiss cardiologist with over 34 years of experience in treating respiratory infections. He received a doctorate in immunology and virology, specializing in internal medicine and cardiology, from the University of Zurich. Binder is an intelligent man who was deemed insane by the Swiss government for speaking out against COVID regulations.

Dr. Binder has been an outspoken critic of COVID restrictions since the beginning of the pandemic. On April 9, 2020, the cardiologist criticized the government's response to COVID and provided his own analysis of the virus. He posted his thoughts on his *private website*, and the post received over 20,000 views.

Three days later, a day before Easter, 60 armed police officers and 20 members of the Kantonspolizei Aargau's anti-terrorism unit forcibly removed Dr. Binder from his home.

Authorities searched through the doctor's online activity and could not find anything to use against him. However, an emergency room doctor who was working with the authorities arrived and diagnosed Dr. Binder with [“corona insanity.”](#) He was locked away in a mental asylum for questioning the COVID narrative.

Yet, he refuses to be silenced. He is now a member of the Doctors for COVID Ethics and the German Physicians and Scientists for Health, Freedom, and Democracy. I applaud him for still speaking against coronavirus mandates despite the government's pitiful attempt to silence him.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
