Region: [Middle East & North Africa](#)

Theme: [Terrorism](#), [US NATO War Agenda](#)

In-depth Report: [SYRIA](#)

*President Trump just ordered an US attack of at least 59 Tomahawk missiles from US warships in the Mediterranean Sea on Syria's al-Shayrat airbase near Homs.*

*Mr. Talal Barazi, governor of Homs province, reports several deaths but at this time does not offer further details. This Tomahawk assault was supposedly in response to Bashar al-Assad's alleged nerve gas attack on 4 April, targeting the civilian population in Idlib Province that killed in excess of 60 people, among them many children.*

It reeks all over of False Flag – Gladio 2 – level ‘world’. But nobody smells it, nobody wants to see it, nobody wants to hear it – and especially, nobody wants to talk about it. The truth cannot be spoken. The attack has to be launched immediately, before any investigation could reveal the truth. That's the way it's always been. Kill the witnesses. That's what Washington and its Zionist masters know best.

The Pentagon says Moscow was informed about the attack. There was no reaction from the Russian Government yet.

Earlier Mr. Putin stated that

“it was unacceptable to bring accusations against anyone until a thorough and impartial international investigation was conducted.”

Philip Giraldi, former CIA officer and Director of the Council for the National Interest, says that “military and intelligence personnel,” “intimately familiar” with the intelligence, say that the narrative that Assad or Russia did it is a “sham”.

This is a classical case of a false flag, instigated by the CIA and carried out by Saudi-Turkish planes to blame Assad. Western prostitute media propagated and hammered into westerners indoctrinated brains the same lie as in 2013, when the East Ghouta Chemical attacks were killing children to justify US “Humanitarian” Military intervention. Then as

today, the Washington assault was to follow quickly before the lie could be discovered, but Mr. Putin intervened by warning Washington not to attack – or else – and insisting on an investigation. Russian naval facility in Tartus and airbase in Khmeimim, Syria, were ready to counter a US attack.

Later it was proven beyond any doubt that the attack did not come from Syria's army, nor was it ordered by Mr. Assad, that it was indeed, once more, a false flag carried out by the Syrian opposition, the so-called rebels, but in truth the western paid terrorists, with the purpose to blame Mr. Assad and to justify the 'regime change' – planned since 2009, since well before the CIA instigated start of the 2011 'civil war'.

(<http://www.globalresearch.ca/the-ghouta-chemical-attacks-us-backed-false-flag-killing-child-ren-to-justify-a-humanitarian-military-intervention/5351363> ).

It is depressing to see how the world – the corrupted-to-the-bone western world – swallows these lies and actually openly calls for war against Syria, for the removal of Mr. Assad, Syria's only legitimate and sovereign President, elected by the Syrians and still enjoying more than 80% support of the people. Renown socialists', so-called peace seekers' eyes are blurred by the western corporate lie-machine. It is sad to see. They believe the western criminal media. It is too hard even for them to admit to themselves that they have been duped, perhaps all their lives, and that they must now seek out and see reality. They can't. But instead to look inside themselves – to ask themselves, what interest would Mr. Assad have to kill his own people, the children of his nation, the future of Syria – and God help Syria to have a future again – these shabby 'progressives' are too noble to admit to reality – and instead they join the blinded and call for 'regime change'. That's exactly what Washington – and the Zionist murderers behind that foul inner-beltway monument of assassins, called the White House, want.

We are living a higher level of 'Operation Gladio' again – where evil reigns, where the most horrendous of what was once called human beings are in power, killing mercilessly innocent people for their BIG PURPOSE, for world hegemony. This Judo-Christian 'civilization' (sic-sic) has a history of more than 1000 years of Crusade killings, followed by colonial killing and raping and exploitation of countries and their people around the globe, from Asia to Africa to Latin America – and there is no end. Our western 'culture' is sold to Lucifer and his banking clan – continuing killing for greed and power.

People wake up! – If you don't, you may be next.

We all have this little spark left somewhere in our brains – that tells you that something is not right – that those who call the shots are liars, that the world's justice is not with evil – that justice is seeking peace not subjugation, power and material gains, but solidarity and harmony among us, brothers and sisters of the human kind.

But also, be aware that this monstrous beast knows no scruples. It has one goal – Full Spectrum Dominance – and will not let go, under no circumstances, until this goal is fully achieved or itself, the monster, the exceptional nation, is subjugated and disabled.

People stand up and become disabler of the empire!

Syria is a mere square on this murderous chess board, as was Yugoslavia, Libya, Iraq, Somalia, Afghanistan, and many more to come. The purpose is not 'winning a war' – that

would be too simple. The purpose is creating and leaving behind chaos, eternal chaos. In the case of Syria a balkanization of the country, what Clinton did to Yugoslavia. The old 'divide to conquer' – it still works after hundreds of years. People are still blinded to these oldest and most rudimentary of war strategies. They still fall for it; don't notice; swallow the lies.

In Syria, the stakes are high. In addition to the insane profits of the war and weapons industry – there is the little talked about Qatar-Turkey-Syria pipeline that was to bring oil and gas from the Gulf to Europe to demolish the Russian gas market in Europe – and to make trillions for US petro-giants; a pipeline Mr. Assad rejected in 2009. Instead he approved and promoted the Iran pipeline through Syria to Europe. Iranian hydrocarbons would complement, rather than compete with, gas and oil from Russia for Europe. That's when Obama decided that Bashar al-Assad had to go. It also fitted the bigger picture – a balkanized Middle East, with steady conflicts fueling the war industry – but eventually leading to a Greater Israel, stretching from the Euphrates to the Nile, absorbing, parts of Saudi Arabi, Iraq, Jordan, Syria, Lebanon and Egypt.

"It's barbarism. I see it coming masqueraded under lawless alliances and predetermined enslavements. It may not be about Hitler's furnaces, but about the methodical and quasi-scientific subjugation of Man. His absolute humiliation. His disgrace." – Odysseas Elytis, Greek poet, in a press conference on the occasion of receiving the Nobel Prize (1979).
