The FSA have killed hundreds of thousands of Syrian citizens, they have kidnapped and beheaded innocent citizens. They have killed Generals in the Syrian army with car bombs. They have thrown post office workers off the roof of their building. They have shot sportsmen because they represent their country. They have set off car bombs outside schools, police stations, hospitals and universities.

They have raped women and sold them.

They have killed Christians and destroyed both mosques and churches.

They have dragged innocent people, tied to the back of cars around the streets until they were dead.

They have mutilated innocent people and thrown their bodies off a bridge.

They have beheaded babies. They have massacred whole villages of people, including children. They starved 60,000 people in the Yarmouk Palestinian refugee camp. They cut out a soldier's heart and ate it and Obama says these butchers are NOT terrorists!!!!

The US has locked up many innocent people claiming they were terrorists with no charges being laid against them for years, yet butchers are not classed as terrorists.

Well Obama, just what does somebody have to do before you would claim them to be a terrorist?

Seems to me that a terrorist is a person who you deem to be a threat to the USA. Of course the FSA are not a threat to the USA, because you trained them in the first place. So a terrorist is only a terrorist if they use acts of barbarism in the US. It does not matter that they have killed hundreds of thousands of innocent people including children in Syria. Unless it is on your doorstep, you don't give a sh..t.

It is on the doorstep of Europe and the people of Europe do give a sh..t. We do not want your barbarians moving into Europe and we are all pleased that Russia is killing them.

Just a reminder of what your precious FSA have been doing in the past 4 years.
