Obama is a liar. Say No to Obama’s War on Syria.

According to sources close to the Syriac Orthodox Archbishop , it was confirmed that the incident does actually involve a Syrian Catholic priest Father François Murad 49, and two of his assistants. This video shows militants believed to be Chechen gunmen speaking Arabic with a broken accent, slaughtering three people in the countryside of Edlib, including Father François Murad, who was patron of Sumaan al-Amoudi Monastery,

Father Francois and two assistants were brutally executed – beheaded with a small combat knife. Echoing previous beheading recorded by insurgents, the head is held up to the cheers of onlookers and then placed on the body.

The monastery in which he resided was burnt and looted, echoing the events of a massacre in Homs last month which resulted in the entire population of a [Christian village being wiped out](#) and their houses and possessions burnt. Two Christian bishops who were kidnapped by Chechen gunmen in Aleppo earlier this year, are still missing and are not the same persons that were beheaded.

As well as Christians, Shia villages are receiving the brunt of a boldly-confident insurgency. This newly-found confidence has resulted in having just recently received confirmation of America’s intent to supply them with more weapons. Last week, militants [massacred dozens of villagers](#) in the province’s town of Hatla. Since then, [summary executions](#) and sectarian house-to-house raids have taken place.

This month has seen an escalation in sectarian atrocities committed by insurgents,(foreign mercenaries) who have been publicly armed and supported by America, Saudi Arabia, Qatar, Turkey and other actors. Indeed, the atrocities are coinciding with further arms transfers –

with new advanced weaponry witnessed in the hands of militants in the past number of weeks.

The most recent beheading recorded on video and uploaded to the internet, reportedly took place in Idlib countryside.

The reported beheading of the three Christians comes about the same time America has started sending arms to rebel fighters, the [Wall Street Journal revealed this week. The Journal reported the Central Intelligence Agency](#) just began transporting weapons to Jordan for eventual transfer to Syrian fighters.

The weapons transfer is aimed at helping Free Syrian forces oust Syria's President Bashar al- Assad. It's scheduled to coincide with arms shipments from other European and Arab allies for a planned and coordinated rebel attack set for August, the Journal reported.
