[Big Tech’s Effort to Silence Truth-tellers: Global Research Online Referral Campaign](#)

“One little, two little, three little Palestinians, three little, two little, one little Palestinian, then no little Palestinians more”. Okay, Boys and Girls! Everyone, All Together, Now! Let’s hear it again from the top, yet one more time.”

Hypocrisy Reigns Supreme in the Western World’s War Against the Palestinians

The time-honored children’s nursery counting rhyme originally referred to ‘Ten Little Indians’ but, now, for the children in the 21st century, it should be adapted to refer to the rapid rate of the eradication of Palestinian children by the Jewish Zionist hordes that continue to sweep through the former native homelands of the natives of Palestine, like a plague of invasive insects or human ‘Genghis Khan’s’.

The original invading colonists of the New World, in the budding new countries of Australia, New Zealand, Canada, the United States and rest of the America’s didn’t originally really care a whit how many native children and their elders had to be eradicated, exterminated or obliterated to make way for their own kind. When it comes down to the nub of it, they don’t really care a whit, anymore than the Jewish Zionists, and all their allies in the New and Old World’s, do about how many human beings, young and old alike, must be eradicated – exterminated – obliterated in Gaza and throughout the occupied territories of Palestine for the sake of yet the new conquers and their offsprings greedily-lusting again for yet whatever

more desired ultimate power, money, and control. It doesn't matter how many horrific accounts are still to be revealed of young Palestinian infants, children and teenagers who have had: all their limbs, and even their heads, blown off; died from starvation, malnutrition; treated for life-threatening injuries and diseases without any anesthetics; or left to wallow in the mud, rain, blistering sun in their own feces from the lack of proper housing and sanitational infrastructure.

Otherwise, if that were not the truth, the world's human defenders of humanity, decency and the higher purposes of life upon Planet Earth, collectively, have long since cried out so loudly for that a massive army of defenders already would have been invoked to carry out: a world-wide BDS Movement; Arms and Financial Embargos; yet another WWII, or whatever else it would have to take, to stop all those out-of-control Christian-Jewish-Zionist zealots and aggressors who seek so much financial, political, territorial, spiritual gain at the expense of yet another of the world's unfortunate indigenous people, who now are the Palestinians.

The mass of humanity has simply been hopelessly brainwashed and brow-beaten to passively accept what is the case on the ground. This is why the Canadian, American, Australian, British citizenry, as well as the majority of all the other humans in the world, continue to look the other way as they, themselves, struggle to cope with the exigencies of life, and passively continue to allow the world's corporate news and mass media to invoke almost total censorship and management of world news and collective consciousness to suppress what truly is happening everywhere in the world; and, specifically, what is happening to the Palestinian people.

Meanwhile, as they and whatever other new indigenous peoples in the future will find themselves being thrown under the Western World's oppressive, steamrolling juggernaut, crunching and flattening everything and everyone in its wake as it mindlessly rumbles onward towards some nefarious end, the whole movement of the human world inexorably continues on its unknown course to wherever or nowhere.

Pink Floyd's Robert Waters Speaks on Gaza, Israel, War, Propaganda, Human Ignorance

Nevertheless, what continues to unfold in Gaza, gives one cause to pause and wonder, "What the Hell, in God's good name, are still even lower depths of human depravity is the human race yet capable of descended to, as modern history already has shown in places like Auschwitz? Will the world's moviemakers, writers and playwrights now spend the next 50 years and more, fretting, puzzling, wondering how yet such another monstrous, bestial 'Holocaust' could have again be committed, this time, ironically, cynically, by the victims of the original Holocaust themselves, who should have already known better by dint of their own personal horrific experiences? It challenges the human brain to endlessly question and wonder about whether or not Humans aren't just another species of lower primates, not much better than their lesser relatives, somewhere still far down the evolutionary biological ladder?

Pink Floyd's Founding Bassist Roger Waters Knows the Truth

The legendary pop music band Pink Floyd's founding bassist, Roger Waters, is one who has bravely chosen to face this conundrum head-on in defiance of it all; for which, in his case, in the world of music, he has been horrendously castigated, vilified and economically persecuted by those sectors of higher-ups around him in the music industry who accuse

Waters of being “one of the most widely-known antisemites in the world”.

Because of the famed rocker’s defiant attitude towards Zionist Israel’s genocide of the Palestinians, as well as other related disparaging, comments he has made in the past about America’s involvement in the war in Ukraine, the record giant BMG that once lionized Waters music, has since dropped its contracture plans to do a 50th anniversary release of Pink Floyd’s historic signature album *Dark Side of the Moon*; that nevertheless was subsequently released by the UK Label *Cooking Vinyl*.

Waters, in return, has characterized his separation from Bertlesmann (BMG) as the “brutal suppression of my political beliefs. “They’re trying to cancel me like they cancelled Jeremy Corbyn and Julian Assange, and I will not be cancelled.” Waters candidly declares, “War isn’t about ideology. It isn’t about religion, it’s about money.”

As a result of being a longtime supporter of Palestine and critic of Israel, Waters vehemently continues to deny such accusations; while further causing an uproar in 2023 when he wore a “Nazi-style” uniform on stage in Berlin. Many of his concerts continue to be cancelled over his support for an international boycott of Israel.

Roger Waters Music and Political Beliefs Sing to This Writer’s Soul

Yet Water’s words and music continue to salve this writer’s soul at this moment in time when the fate of the Palestinians is in such a grim, dire state, precisely; because of so much propaganda, ignorance, absence of truth and indifferent silence now the norm in place of what everywhere should be honest, real emotions being expressed by humans everywhere who find themselves engulfed and entrapped by so much mute ignorant silence. Waters remains yet one of those many, decent human beings who struggle to speak truth to power for whatever that means and whatever it’s worth.

As one who has attempted to endlessly write about all the madness and depravity that is now afoot in places like Ukraine and Gaza, this writer constantly, daily, has to fight off so much depression’ for the sake of his own conscious awareness.

Another Statistic of War Madness. “Sadism”

Such depression is especially keen since having just listened to yet another endless account of many in Gaza of a little innocent, very scared, very terrified 14-year-old girl and her little 4-Year-old sister who recently were machine-gunned to death by IDF forces.

The family’s 14-year-old and her younger sister were in a car with all their family’s adults and relatives attempting to flee the death and destruction they were facing, when their vehicle was sprayed by IDF machine gun fire, and they all were killed save for the teen and her little sister who had been stuffed onto the floorboards of their vehicle for protection, with the adult’s bodies above them used as protective shields.

Their riddled car had come to a halt near a bombed-out tank and, after a time, as pitch black darkness engulfed them, the teenager managed to use one of her dead relatives cell phones and finally was able to connect with Palestine’s Red Crescent ambulance services. They remained in conversation with her, consoling her all the while, while one of their brave paramedic teams was dispatched to drive their ambulance and themselves in harms way, indifferent to their own survival, to attempt to rescue two very scared, very little, terrified

girls.

But obviously her transmission had been monitored by the IDF who already had malevolently set up an ambush for them; waiting until the Red Crescent ambulance and its paramedic team had been lured deep into their death trap. While they were enroute, the terrified teenager and her sister were kept on the line,; consoled by a very kind women's voice who told them not to worry because help would soon arrive..

UNTIL.....That is, when the Red Crescent receptionist next heard the two frightened little girl's voices suddenly scream in abject terror, abruptly cut off by the sound of machine gun fire, followed by deathly silence.

When investigating authorities finally arrived, they found the burnt-out Red Crescent ambulance, with the two dead paramedics and bullet-riddled car nearby with all the dead family in a bloody heap inside, with the teenager and her 4 year-old sister lying dead atop the pile.

Such abject evilness is beyond the capacity of the human mind to cope with when so few in the world in positions of power, who could make a significant difference, care so little as to allow such evilness and barbarity to continue, unaddressed and unimpeded.

Especially when countries like Canada, and the rest of the United Nation countries leaders, could at once invoke: a total arms and financial embargo; BDS movement against Zionist Israel, or; immediately marshal together an ad hoc armed forces of volunteer peace keepers prepared to immediately put themselves, at the risk of their own lives, between the out-of-control mad men Zionist leaders, IDF forces, settler militias and Jewish citizenry who obviously, themselves, have become murderously insane by it all, and since, apparently, have even been given carte blanche to do whatever heinous actions they will, with few questions ever asked. Yet, instead, look for every legal loophole to continue to ship monies and war materials to the Zionist to continue their macabre killing spree

One has to wonder? Is there no hope, whatsoever, for the human race?

Has it descended so far down into the black pit of oblivion and hate within the human heart?

For all the peoples of the world to decide what personal action each of them now must take in the future, especially all those long-time lovers of Pink Floyd's music, they should listen to the TRT World interview with Roger Waters, as he speaks truth as he sees it in his life about Gaza, Israel, War, Propaganda, Human Ignorance.

TRI World itself, ironically, constantly is criticized and labeled by the Western corporate press as being a propaganda news outlet because it dares to broadcast, worldwide, 24 hours daily, with studios in Washington D.C. and London, controversial issues pertaining to Turkey, Africa and Southern Asia towards which the Western corporate press is ideologically opposed to or unwilling to air themselves. Such as TRT World being awarded, in 2023, an International Emmy for its documentary *Off The Grid; Ukraine Wartime Stories* on the war in Ukraine.

"One little, two little, three little Palestinians, three little, two little, one little Palestinian, no

little Palestinians more”. Okay, Boys and Girls! Everyone, All Together, now! Let’s hear it again from the top, yet one more time.”
