Introduction

What is the Antichrist? There are almost as many answers as there are questions. Is the Antichrist the biblical figure "Antichrist" appearing in the book of Revelation? Or is He a symbolic figure that may have appeared before Christ or after Christ – preventing or fighting ethics and conscience feared by the announcement of the coming of Christ, or left behind by Christ?

If you ask 100 people, you'll likely get 80 different answers, according to one local pastor. What role this biblical enemy of Christ plays in what some believe will be a final confrontation, is also the subject of discussion and interpretation. See [this](#).

The question about the Antichrist in our western "universe" seems to refer only to the Judeo-Christian Religions. That is what most of westerners believe.

But the symbolic meaning of the Antichrist is much wider and deeper and older. It goes as far back as humanity itself. It exists in Hinduism, Buddhism, Taoism – there has always been an "evil force" attempting to dominate the good in a society.

Until humanity "emerges from the darkness into enlightenment", it is fair to say that today we are dominated by the forces of a profit-driven One World Order" (OWO).

Case in point: the Great Reset, Agenda 2030, the Fourth Industrial Revolution, and so on. We may be living right now what might be described as “the climax of the Antichrist”, and most do not even notice it.

Today, humanity is dominated by a cult of egocentricity, of a seemingly unquenchable thirst for power, for control of resources, for enslavement of fellow human beings by a financial elite. It is precisely this “*Cult Elite*”, also called the *Deep State*; the power over life and death of “lower” humanity – meaning all those who do not belong to the elite.

And the elite is defined by their material wealth. Literally. Because over the past 100 years or so, this small elite has made it their life objective to dominate Mother Earth with all its resources and sentient beings. They – and their generations to come – want to live forever with the limited resources our planet has to offer. The so-called “Antichrist” is usurping Mother Nature – against the very origins of Nature.

“This material-and-power thirsty Antichrist” has no spirituality. He exists as sheer analogue two-dimensional all-crushing monster. We can escape it only by spiritually vibrating on a higher level of conscience – in the Fifth Dimension.

Depopulation

To dominate with pure force, “they” must eliminate, so they conclude, about 90% of the current population. We are currently about eight billion people populating Mother Earth. That would leave about 800 million. [According to Dennis Meadows](#), one of the main authors of the Club of Rome’s [The Limits to Growth](#):

“We could [] have eight or nine billion, probably [statement at time of writing], ... But we want to have freedom and we want to have a high standard of living so we’re going to have a billion people. And we’re now at seven, so we have to get back down. I hope that this can be slow, relatively slow and that it can be done in a way which is relatively equal, you know, so that people share the experience.”

The Big Lie

They also must lie – flooding and engulfing the world with lies. Isn’t that what is happening today, and has been happening for most, if not all, of the last century?

The Antichrist has gone beyond all reason, beyond George Orwell’s “1984” – to limitless excesses. That is when physiology, the science of life, kicks in. Life itself, Life as in Mother Earth, is at stake. And that is when the excesses bring down the pathology of our society.

Famine

According to the UN Food and Agricultural Organization (FAO), the world can feed about 10 to 12 billion people. This is up to 50% more people than are inhabiting Mother Earth in 2023. See [this](#).

These predictions were made in 2018. With fast advancing scientific knowledge, including in agricultural production, it could easily be assumed that with 2023 technology the world could feed up to 14 billion people.

Yet, the elite talks about overpopulation and the need to drastically reduce the planet's population. Why? Because we have now close to a billion people who suffer from malnutrition and are at the edge of starvation. But they do not need to starve. They are being made to starve by the endless greed of the wealthy.

Each day, 25,000 people, including more than 10,000 children, die from hunger and related causes. Every three seconds somebody dies of famine in the world.

High food prices may drive another 100 million into poverty and hunger within a year. This means, one of eight world inhabitants suffers from extreme famine and under-nourishment, risking death. See [this](#).

Rules-based One World Order (OWO)

None of this has anything to do with overpopulation, but everything with wanton speculation for profit and misdistribution; quite similar to natural resources – 20% of the world population consume 80% of all the world's resources. See [this](#).

Much of so-called food and resources shortages have to do with massive price-speculations and corporate hoarding, to make nutrition and other vital resources unaffordable for ever more people.

Now, on the heights of the reign of the "Antichrist" – in their self-designated decade 2020-2030, shortages of everything, abolishing of natural food, of farming and other means of food production, have become the *"rules-based order"*.

In the Netherlands about 3,000 farms, equivalent to about one third of all farmland, must disappear by 2030. See [this](#) and [this](#). All this for a fake climate change agenda, see below. Holland is the second largest agricultural exporter in the world, after the United States.

The Antichrist is everywhere, and powerful, because we let Him be powerful.

The Elite Cult does not want this to change; they do not want a better equilibrium in the world. To the contrary, they want a One World Order, to control us all.

This Elite Cult is today's Antichrist, vibrating on low frequency and attempting to make the oppressed vibrating at the same low frequency, by media-imposed fear and anger, so people, the masses, will not emerge from darkness into illumination. That is what is happening today without scruple, since 2020 with the onset of the Great Reset and Agenda 2030.

At the beginning of June 2016, Switzerland inaugurated at that time the world's longest railway tunnel, the Gotthard Mountain base tunnel. The celebration was a weird Luciferian ceremony, to which notably European and some "world leaders" were invited. Most Swiss citizens were oblivious to what was happening. The celebration was filmed, televised, yet, it hardly evoked much attention.

An RT journalist had the clear sight of reporting that if "they" come out into the open with their cult symbolism, as demonstrated by the diabolical ceremony, the actual take-over cannot be far away. Indeed, he was right.

It started with a fake plandemic in 2020, a lockdown and lockstep scenario, as already predicted in the [2010 Rockefeller Report](#).

The ceremony openly reveals the evil connections to the ongoing Great Reset and Agenda 2030 – see the 6-min. video below or click [here](#).

This all-encompassing "Antichrist movement" was prepared by a long hand – at least 100 years back. The preparation was highly sophisticated to exclude failure to the very extent possible. For example, if one approach fails, several others are foreseen to secure a take-over by any means.

Lies, Trickery and Digitization of Everything

Since there is no physical reason for food shortage, it must be created with lies and trickery; since there is no physical reason for energy shortages, they must be created under false pretexts; since there is no reason for mass-dying, it must be created; and since there is no physical reason to control the population before and after the mass-dying, it has to be created.

The means to do so is full and complete digitization of all and everything. Digitization is a linear process of projecting life. But life is dynamic, never linear. What we are being imposed is an aberration of an impossible projection of life – any life. It will not work.

That is why the Antichrist must destroy life as given by nature and replace it by electronic means – "chipping life" – so, human brains and human behavior can be monitored and manipulated by this small, non-chipped, non-linear elite.

They will not succeed as dynamics outlive man-made imposed linearism.

Giant Financial Corporations and Multibillion-Billionaires

According to OXFAM (January 2023), 1% of the world population, financial corporations and multi-billionaires, own more than two thirds of the world's total monetary wealth. And no spiritual wealth at all.

For example, BlackRock, Vanguard and StateStreet alone – not to mention other banking behemoths – control every important food, manufacturing, military and service sector by major shareholding. See [this](#).

They own the mainstream media and dictate to them how to trick people into believing their lies. *Tavistock Institute* in the UK, and *DARPA* (Defense Advanced Research Projects Agency) have developed over the past few decades extremely sophisticated technologies and methods for mind manipulation.

They work seamlessly together. The bulk of the population doesn't have a clue. See this, [Tavistock Institute "Social Engineering the Masses"](#) by Daniel Estulin.

That is how covid came about and kept from one day to the next the entire world spellbound, at home, scared to the bones with dehumanizing masks and social distancing, keeping children away from their ill or dying parents or grandparents.

Today's Antichrist, having little or nothing to do with religion – but with control and dictate and tyranny against all ethics and illumination – is the new "wannabe" emperor. His goal to achieve and maintain total control, is through darkness.

We, the people, must evolve onto a different level of conscience, from where we can escape and step into the light. And we will. It is just a question of time and humanity's awakening.

One, so far, utterly effective control mechanism, that started with the *Club of Rome* and its infamous Darwinist theory of "Limits of Growth" – "the Antichrist's blueprint" as of today – is at the origin of two major instruments for absolute control, massive de-population and fake climate change.

The mRNA "Vaccine"

Despite all scientific evidence gradually coming to the fore and explaining the mass genocide being caused by the mRNA "vaccination" – the bulldozer rolls on vaxxing people around the world with mRNA-type injections, not just for covid, for EVERYTHING.

When you think you get a traditional flu-shot, an injection against Rubella, Polio, Tetanus, Whooping Cough, or whatever – you will be getting an mRNA jab – an irreversibly gene-altering shot, the effects of which will be passed on to future generations. – What is worse, you are not told about this change of "vaxxing-method". You are kept totally in the dark.

Unfortunately, the majority of population has no clue. They cannot give informed consent, since they do not know what is being injected into their body. See [this excellent explanation](#)

by Dr. Sucharit Bhakti.

Already now, and more so in the future, is a myriad of deaths and causes of injury – difficult to trace back to the covid vaxx – see also Michael Yeadon’s video in which he explains the long-term effects, multiple diseases, from cancer to myocarditis, to sudden death, to brain damage and strokes, infertility – and much more. It will be almost impossible to connect these injuries and deaths with the vaxxes in five to ten years from now. See [this](#).

What’s even worse, people, when told that their loved ones have died, or may be dying from the criminal covid vaxxes, they do not believe you. They will deny it. They prefer not seeing the truth. That is the well-planned reality. That is the Antichrist at His best.

It is mass-murder without punishment.

We must seek judgement for the sake of future generations.

The Fakeness of Climate Change

Climate change – just as people are gradually waking up to the fakeness of climate change, the Antichrist has an ultra-sophisticated tool of climate manipulation – or Environmental Modification (ENMOD). This technology, developed since the 1940s, had been elaborated and perfected by DARPA – the Pentagon thinktank, and later HAARP (High-frequency Active Auroral Research Program) a US Air Force executed climate and weather modifying program acting in the ionized part of the earth’s atmosphere.

ENMOD technologies can cause droughts, floods, extreme cold and heat waves. HAARP science is so sophisticated that it can trigger earthquakes.

It is suspected – though no proof yet – that the Turkey-Syria earthquake of 6 February 2023, was an ENMOD engineered disaster. Similar suspicions surround the horrendously devastating 12 January 2010 Haiti 7.0 (Richter) earthquake. See [this](#).

The Antichrist is among us. Touchably nearby. Has always been – when we least expect it – and when we do not want to see Him.

As long as we deny his existence, although he is in plain sight – so long “He” will prevail and we may not see the light. Escaping His grip and evolving into a higher sphere of consciousness may be the biggest challenge of our life, but also our only chance to live in the spirit of LIGHT.
