

The “Killer Virus” is Not “Killing Christmas”. Corrupt Politicians Are “Killing Christmas”

In several Western countries Christmas celebrations have been banned outright. Social and family gatherings are forbidden.

We are led to believe that the “Killer Virus” has triggered the Christmas Lockdown. What is really happening is that corrupt politicians are “killing Christmas”.

Red Zones, the face mask, social distancing, the closing down of schools, colleges and universities, no more family gatherings, no birthday celebrations, music, the arts: no more cultural events, sport events are suspended, no more weddings, “love and life” is banned outright.

And now Christmas is in a lockdown mode as a means to combating V-the Virus.

If the public had been informed that Covid-19 is “similar to seasonal Influenza”, the relentless 24/7 fear campaign would have fallen flat...

The lies and fabrications of the mainstream media are “killing Christmas”. They are killing the truth.

It's Social Engineering: No critical analysis of the governments' drastic policies is forthcoming.

We are told that the pandemic is not over. The governments have declared a “Second Wave”.

According to so-called “health experts”, the outright ban of Christmas celebrations is there “to save lives”.

And if you oppose these directives, you will be categorized as a “callous and deceitful psychopath”.

There is no legal justification nor scientific basis for the police state measures taken to prevent families and friends from celebrating Christmas.

The entire urban services economy is in crisis. Shops, bars and restaurants are driven into bankruptcy. International travel and holidays are suspended.

Since September, spearheaded by the fear campaign, people have rushed to get tested: the number of “fake positives” has gone fly high.

There is no evidence that the virus is “out of control”. Amply documented the [PCR test used to “estimate” covid “positive cases” is flawed](#). What the media fails to mention is:

- 1) the RT-PCR covid positive case estimates are meaningless,
- 2) For 80% of the population, Covid-19 is NOT a dangerous disease.
- 3) the official data is manipulated

In the UK, according to a [Daily Telegraph May 21 report](#): “samples taken from the same patient are being recorded as two separate tests in the Government’s official figures”.

Tens of thousands of coronavirus tests have been double-counted, officials admit

According to the WHO, “The most common symptoms of COVID-19 are fever, dry cough, and tiredness. ... These symptoms are usually mild and begin gradually.”

The World Health Organization says those who become infected generally experience mild illness and recover in about two weeks.

In the UK, Prime Minister Boris Johnson warned (without detailed evidence) that a new strain of the coronavirus had emerged.

“Christmas Lockdown” is an encroachment on civil liberties and the “Right to Life”.

Our thoughts during the Christmas holiday are with the millions of people Worldwide driven into unemployment, poverty and despair, who are the unspoken victims of this diabolical project.
