You can count on the French to say “no” with irreverance and style to authoritarian measures trying to confine their conscience by selling fear.

Watch this colorful group of people singing and dancing in a train station in Paris (Gare the l'Est) on April 8, 2021. Vive la France!

La Prise de la Bastille 2021. The Storming of the Bastille 2021

The Storming of the Bastille occurred in Paris on the afternoon of July 14, 1789. The Bastille was a medieval armory, fortress, and political prison. It was the symbol of Royal Authority under the reign of Louis XVI.

“Danser Encore” in Paris confronts the lies of a corrupt French government which serves the interests of the financial establishment.

What is required is to Break the Legitimacy and Authority of the architects of the infamous Covid Project.

What we need is the development of a broad based grassroots network (nationally and internationally) which confronts both the powerful financial elites as well as the corrupt governments involved in carrying out the lockdown and closure of economic activity as a means to combating “V the Virus”.

The logic of the Prise de la Bastille 1789 was to break the legitimacy of France’s Royal

Authority.

Today's "Prise de la Bastille 2021" is not a "protest movement" narrowly defined. We do not seek to negotiate with corrupt government officials. "The Storming of the Bastille 2021" is a mass movement which questions the legitimacy and authority of Big Money, Big Pharma, the Military Industrial complex. It underscores the criminal nature of the lockdown policies and the Covid-19 mRNA vaccine. It confronts the lies of the politicians in high office.

Its objective is to repeal the fear campaign and break the official "Covid Consensus". That consensus is extremely fragile because it is based on "a pack of lies". The truth is a very powerful and peaceful weapon.

More than 7 billion people Worldwide are directly or indirectly affected by the corona crisis.

The legitimacy of politicians and their powerful corporate sponsors must be questioned, including the police state measures adopted to enforce the various policies. (Face masks, social distancing, public gatherings, etc.)

This network would be established (nationally and internationally) at all levels of society, in towns and villages, work places, parishes. Trade unions, farmers organizations, professional associations, business associations, student unions, veterans associations, church groups would be called upon to integrate this movement.

The first task would be to disable the fear campaign and media disinformation as well put an end to Big Pharma's Covid vaccination programme.

The corporate media would be directly challenged, without specifically targeting mainstream journalists, many of whom have been instructed to abide by the official narrative.

This endeavour would require a parallel process at the grassroots level, of sensitizing and educating fellow citizens on the nature of virus, the PCR test, the impacts of the lockdown, the face mask and social distancing.

"Spreading the word" through social media and independent online media outlets will be undertaken bearing in mind that Google as well as Facebook are instruments of censorship.

The creation of such a movement, which forcefully challenges the legitimacy of the financial elites as well as the structures of political authority at the national level, is no easy task. It will require a degree of solidarity, unity and commitment unparalleled in World history.

Storming the Bastille 2021 will also require breaking down political and ideological barriers within society (i.e. between political parties) and acting with a single voice.

We must also understand that the "corona project" is an integral part of the U.S. imperial agenda. It has geopolitical and strategic implications. It will also require eventually unseating the architects of this diabolical "pandemic" and indicting them for crimes against humanity.
