This is a typical case of neoliberal Washington paid thugs and mercenaries false-flagging 'undesired' governments into chaos, for 'regime change' – and then being taken over by the US, subjugating the population to US dictate and stealing the country's resources.

Being subjected to the constant stream of lies by the six Zionist-Anglo-Saxon mega-media corporations controlling 90% of the western information – 'news' – system, it is easy to brainwash the western population into believing that the culprit is the Maduro government, exercising police repression.

We have seen it happen in Ukraine – where currently the Kiev Nazi government (sic) led civil war is killing thousands of citizens in the Donbass area of eastern Ukraine, putting millions of people into absolute misery in a cold winter depriving them of energy and food – a million and a half refugees fleeing to Russia— and – who is the culprit, Mr. Putin, of course. Since the all dominant criminal lie and propaganda media machine is still to this day hiding the evidence, that the Maidan coup d'état in February 2014 was instigated and prepared during many years, and eventually directed and paid for by Washington and NATO.

A similar case is today's formal accusation of Cristina Fernandez de Kirchner of obstructing the investigation into the 1994 attack of the Jewish center AMIA that killed 85 people. This alleged car bomb attack follows a very similar attack demolishing the Israeli embassy in 1992. Last week the chief prosecutor of the case, Alberto Nisman, was found dead in his apartment, hours before publicly testifying about an alleged cover up by President Cristina Fernandez. She was allegedly covering up Iran's involvement in the devastation of the two buildings, again allegedly because of an oil for meat and food grain deal between Argentina and Iran may be at stake. All circumstantial evidence, even by anonymous witnesses, points to an agreement between Washington and Israel to blame Iran for the disaster, killing two birds with one stroke – incriminating the inconvenient Argentinian President with the objective of 'regime change', and demonizing once more Iran. Both of these deadly aggressions bear the hallmark of false flags, carried out or instigated by the CIA and Mosad.

Does it then come as a surprise that Washington is instigating, organizing and paying for civil unrest in Caracas and other major cities, stage by stage, leading eventually to a coup and control of the media, including TeleSur? – There is nothing new in this 'procedure'. It is actually old and full with ancient dirt, repeated umpteen times around the globe over the last century – and the western bought prostitute media, including of neutral Switzerland, trumpets around the world that President Maduro is a dictator and clamps down on protesters. What a shameful lie – misguidance of public opinion, brainwashing people into supporting more crime by the empire.

May public consciousness finally wake up!
