"You see George, you really had a wonderful life. Don't you see what a mistake it would be to throw it away?" — Clarence, from Frank Capra's 1946 film *It's a Wonderful Life*

This Christmas, we send to you, our dear readers and authors, some love and light as we extend the free distribution of Prof. Michel Chossudovsky's PDF book, *The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity*.

"The evidence amply documented is that the mRNA vaccine has resulted in an upward worldwide tide in mortality and morbidity.

Reports confirm that the COVID-19 vaccines are killing our children. In the UK, ["the worst figures in terms of all-cause deaths are among double-vaccinated teenagers."](#)

According to Edward Curtin, CRG Research Associate,

"A reading of Chossudovsky's book provides a comprehensive lesson in how there is a global coup d'état under way called "The Great Reset" that if not resisted and defeated by freedom-loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place."

Share this gift to your family and friends.

Forward the [above link to the download in your email lists](#). You can also forward the saved pdf file.

Global Research wishes everyone a joyful Christmas!

It's a wonderful life... live!

With you in truth, peace and solidarity,

The Global Research Team
