U.S. President Donald Trump has come up with what he calls the “Deal of the Century,” the sole purpose of which is to finally remove Palestine from the world stage and put an end to the existence of the state.

With great fanfare, the tycoon-come-president, using several of his advisors, intends to deceive the world with a formula to fully favor Israel and deny territory and freedom for the Arab population.

According to a document leaked in Tel Aviv, the deal would be a “tripartite agreement” signed between Israel, the Palestine Liberation Organization (PLO), and Hamas to establish a so-called “New Palestine” in the occupied West Bank and the Gaza Strip, but this would exclude Israel’s illegally built settlements, which will remain in the hands of the Zionist government.

Jerusalem would remain under Israeli control, and the Arab population that lives there would be citizens of the New Palestine. The deal represents a coup de grâce to the Palestinian right to East Jerusalem as the capital of the State of Palestine, recognized by the UN and other international bodies.

According to the leak, “New Palestine” would not have an army, just a police force. A protection treaty would be signed with Israel, with Palestine having to pay for its services to defend it from any external attack. Hamas would hand all its weapons, including personal weapons, to Egyptian authorities.

I do not think it necessary to write any more on the matter to know that this so-called “Deal of the Century,” conceived by Trump, is doomed to failure.

In recent days, the Israeli army has killed more than a dozen Palestinians in Gaza, in an attack that the Palestinian National Authority (PNA) has described as a “prelude” to the Deal of the Century.

The PNA also stated that Israeli Prime Minister Benjamin Netanyahu is seeking to further Israeli and U.S. interests by consolidating the division between the West Bank and Gaza

Strip.

Sputnik cites Russian Foreign Minister Sergey Lavrov, who notes that any deal to end the Israeli-Palestinian conflict is a road to nowhere if the principle of two States, one Arab-Palestinian and one Jewish, is ignored.

Palestinian Prime Minister Mohammad Shtayyeh said that those who believe that PLO will be pressured by the United States are mistaken.

“We say no and 1,000 no’s to any initiative that does not meet the minimum demands of the Palestinian people,” he stressed.

And since everything that comes from Trump ultimately carries with it a threat, this time Washington has warned that if the PLO and Hamas reject the agreement, the United States will cancel all its financial support to the Palestinians.
