[Big Tech's Effort to Silence Truth-tellers: Global Research Online Referral Campaign](#)

"In a compelling piece of live television, British Prime Minister Rishi Sunak was recently confronted by a COVID-19 vaccine injury victim during an unscripted question and answer session. Describing the pain and trauma he suffered, audience member John Watt told the Prime Minister how he had been left with no help at all after the vaccine caused him to develop a heart condition. Already under pressure over his links to a hedge fund that has seen massive returns from an investment in COVID-19 vaccine maker Moderna, Sunak was like a rabbit caught in the headlights." —[Paul Anthony Taylor](#), February 16, 2024

Read the story. It reveals that people have finally realized that it was the Covid mRNA "vaccine" that did the harm. It also offers a possible, perhaps even likely, explanation as to why political leaders in the West all served as advocates for the death jab. Were they alerted to the money-making opportunity in advance in order to be properly invested for the orchestrated "pandemic"? There are suspicions that Britain's First Indian Prime Minister was.

Today we know the facts. The mRNA jabs did not protect, did not prevent transmission, did not reduce the severity of the disease, but actually made the "vaccinated" more likely to catch Covid and to die or be injured from it. We also know that few of the deaths were from the virus. The deaths were from non-treatment with known effective preventatives and cures- ivermectin and HCQ-which were banned in order to go forward with the deadly "vaccination" and from mistreatment with ventilators. We know that the mRNA jabs have killed and maimed more people than the laboratory-created virus itself.

And we know that no one has been held accountable. We know that the massive deaths and injuries from the death jab continue to be denied by the presstitutes and Big Pharma shills, such as the FDA, CDC, NIH, medical associations, and medical schools. We know that the

corrupt medical profession continues to promote the death jabs.

In other words, there is no shame, no sense of responsibility in the medical, media and political establishments. How can people stand for this? How can people stand for being callously murdered for profit and control?

The public's sheep-like response to mass murder guarantees another round of mass murder, just as the world's refusal to do anything about the US-Israeli genocide of the Palestinians guarantees more genocides. Indeed, genocide is the agenda of the World Economic Forum and Bill Gates. They say there are too many people, and to save the planet the people have to be culled along with the cattle and sheep.

How can it be that elites can be so open about their intentions and they are not arrested? If you or I announced a plan to get rid of a single person, SWAT teams would descend on us. But the elite can announce their intention to eliminate 7.5 billion people and nothing happens. Not even Trump objects, nor Putin, nor Xi.

These three are the only leaders the political world has. Why are they silent? Are they part of the plot, as so many now claim? Why would Trump, a billionaire with a beautiful wife, spend 8 years in the stress of persecution and indictment if he were part of the plot? He has lost 8 years of his life trying to represent the American people. I am certain that the rot in the intellectual mind of the West is not part of the Russian and Chinese mental framework. Moreover, if everyone was in the plot, it would not be a plot. It would be a happening that already would have happened.

The world's problem is located in the West. It is a problem of lost belief in liberty and Christian morality. Indeed, it is the organized destruction of belief that has freed Satan and released him upon the world.

How did it happen that the United States was transformed into the most immoral, other than Israel, government on earth, a servant of Satan.

It was Venezuelan President Hugo Chavez who identified the problem in his famous speech to the United Nations General Assembly in 2006. As he stood at the podium, his opening words referring to President George W. Bush, were "yesterday at this very podium stood Satan himself, speaking as if he owned the world. You can still smell the sulfur."

I have spent my life in defense of the Constitution, sound economic policy and in defense of truth. It has been my great distress to see the widening gap between agenda-controlled narratives and truth. Evil is a powerful force, and truth alone is not a match for it. The pen is mightier than the sword, but it doesn't seem to be mightier than Evil.

As I have previously noted, there is nowhere in the West a countervailing power to the Evil that is engulfing us.

Try organizing one, and the FBI will arrest you or the CIA will assassinate you. No one will come to your defense.
