Celebrates 35 Years

In 1976 Dr. Carl Jensen Founded Project Censored. We are the longest running media research news group in the country.

We are still at it and the top Censored News stories from 1976 are still important today. 1: Trilateral Commission & Jimmy Carter 2: DNA Corporate Control 3: Banned Pesticides & Drugs To Third World 4: Oil Price Conspiracy 5: Mobil Oil/Rhodesian Connection Embargo 6: Nuclear Reactor Safeguards/Plutonium Missing 7: Osha - Workers Die For American Industry 8: Arms Data Manipulation/Kissinger-SALT-CIA 9: Non-Prescription Drugs Useless & Hazardous 10: Natural Gas Shortage Conspiracy.

In the last 35 years, the so-called mainstream media have been ultimately co-opted into a propaganda machine for the transnational corporate power structure which serves a US/NATO Military Industrial Media Empire instead of We the People.

Project Censored resists the goals of global empire at the expense of human rights, we resist top down managed news in favor of a truly free press, and we resist censorship in all its guises.

Media Democracy in Action is our belief and we will firmly continue to build media from the bottom up by supporting independent news sources and validating content with our expanding number of affiliate colleges and universities worldwide. Functioning democracies are the result of an informed and participatory public and we need an informed electorate now more than ever to protect our civil liberties, our economy, and our Constitution.
