Bill Clinton once bragged about electing him president meant getting “two for the price of one.”

Here we go again. Exposed electoral rigging along with unelected party insider super-delegates handed the Clinton crime family another chance for the nation’s highest office.

Will November electoral rigging assure it, letting both legally challenged Clintons lead America – perhaps into the abyss if occurs?

Sanders capped his sellout to everything he campaigned against, urging Hillary be nominated by acclamation. In disgust, over 500 of his delegates walked out.

He transformed himself into Hillary’s puppet, urging his followers to betray their principles – selling out to wealth and power like all the rest.

All-out activism against a corrupted system is crucial.

The alternative is a nation more unsafe and unfit to live in than ever, Wall Street and war-profiteers more greatly empowered, and the unthinkable risk of WW III.

That’s what “two for the price of one” emerging triumphant in November means. Defeating the Clinton crime family is vital.

The unacceptable danger of a 2nd Clinton crime family presidency is explained by Hillary once saying “(w)hat do we have NATO for if not to defend our way of life” – code language for endless wars of aggression, benefitting privileged Americans exclusively, no matter the cost to humanity.

Straightaway post-9/11, she urged waging war on terror – a pretext for forcefully transforming all sovereign independent nations into US vassal states.

She threatened Iran with total “obliterat(ion) (if they) consider(ed) launching an attack on Israel...”

As me-first lady, she supported genocidal sanctions on Iraq, killing 5,000 children aged five or under monthly. She praised George Bush’s Islamophobia, fully supporting his agenda.

She favors nuclear weapons use, calling them peacekeeping deterrents. As secretary of state, she orchestrated war on Libya and Syria, raping and destroying both countries.

US foreign policy under her leadership ousted democratically elected Honduran and Paraguayan leaders. Following Haiti's devastating 2010 earthquake, she was involved in raping the country for profit along with rigging its election, installing a US puppet to run things.

The Clinton Foundation is a money-laundering racket masquerading as a charitable NGO – selling influence to special interests in return for millions of dollars in contributions.

It's hard imagining a more despicable choice for president than Killary – partnered with husband Bill for a second time around to run the country into the ground – likely taking planet earth with it this time if elected in November.

Top priority is preventing their return to the White House. Humanity's fate hangs in the balance.

They're a duo only Wall Street, war-profiteers and other corporate predators could love, a scourge for everyone else.
