Just as happened when nazism (racist fascism — then in the form of Germany's Nazi Party) conquered Europe in the 1940s, today's Ukraine is seeing [sabotage by courageous anti-nazi partisans](#) against [the country's nazi Government](#), the regime that was [installed by the United States in a coup on February 22nd](#). U.S. State Department's Victoria Nuland had [selected Ukraine's new ruler or Prime Minister, "Yats" Yatsenyuk, just weeks before the coup, on February 4th](#).

As soon as he came to power, he [appointed nazis to all top national security posts](#), and to many other posts, [including the central bank, which promptly shipped \\$5 billion in gold](#) to the U.S. Federal Reserve vault in NYC, to reimburse the \$5 billion that the U.S. had spent to bring Ukraine's nazis to power.

Dedicated partisans against the resulting [genocide in the east of Ukraine](#) are now carefully targeting for bombings the most devoted nazis. Members of Ukraine's ultra-nazi Azov Battalion, which was formed right after the coup (and is heavily subsidized by [billionaire Ihor Kolomoysky, who has hired Joe Biden's son and a friend of John Kerry](#)), are especially being targeted. Many members of the Azov Battalion are [openly admirers of Adolf Hitler](#), and some even publicly display their swastika tattoos. For example, [a social spot for Azov members was recently blown up by partisans](#). In Ukraine, not only Christian nazis but also Jewish ones are united in their shared hatred of Russia and of ethnic Russians. Perhaps Jewish and Christian nazis are postponing their ultimate religious war against one-another in order first to bring about their shared hope for a U.S.-Russia nuclear Armageddon. But in any case, Barack Obama and his CIA and State Department are pushing for it, and [the U.S. Congress are virtually united in their drive to bring it about](#).

Ukraine's anti-nazi partisans are trying to defend themselves and their families from, above all, the U.S. and European aristocracies, who crave [control over Russia and its resources, and who apparently don't care how many people must die in order to bring it about](#). These aristocrats are willing to employ even overt nazis to do it.
