*We are concerned about Mumia's deteriorating health, as has been witnessed in recent weeks by his visiting doctor, clergy, counselors, teachers, family and friends.*

Evidence of intensifying hepatitis C symptoms and possible development of the diabetes that nearly killed him a year ago calls for immediate and appropriate treatment.

[Help Mumia's lawyers prepare to demand access to Mumia's medical records from court!](#)

[Sign the Petition now to demand Mumia's right to life-saving hepatitis C care.](#)

Call, fax and email with the following demands:

- Immediate provision to Mumia of anti-viral treatment to cure his Hepatitis C condition that is, as his doctor testified in court, the persistent cause of worsening skin disease, almost certain liver damage, now extreme weight-gain and hunger, and other diabetic-like conditions.
- Immediate release of all recent blood test results to Mumia's attorneys.
- Vigilant monitoring of Mumia for signs of diabetes, especially of his blood sugar level, since a diabetes attack nearly killed Mumia last Spring of 2015.
