

US Crimes against Humanity. The People of Nicaragua

Open Letter to the United Nations. Call for debate, hearings and voting on an effective plan of action against various United States (US) government crimes of global significance

I am writing to request that both the 1) member states of the UN General Assembly and 2) member states of the Security Council hold hearings, debate and vote on an effective plan of action against various crimes that have been committed by people working for the government of the US that are of significance to the global community.

These crimes include:

1. The US government's current (2018) attempts to overthrow the democratically elected government of Nicaragua
2. US government interventionist policies and practices into the internal affairs of most of the member states of the UN (i.e. the US governments long history of being the #1 global bully on Earth)
3. The US government's ascendancy to having become the #1 violator of human rights globally and
4. The Global Surveillance State program of the US secret police (e.g. NSA, CIA, FBI, DEA, DIA, etc.).

In April 2018, elements of the US government (e.g. NSA, CIA) began attempts to overthrow the democratically elected government of Nicaragua. I have been in Nicaragua from March 2018 to present (i.e. September 2018) and have been a direct eyewitness to US government attempts to overthrow the democratically elected government of Nicaragua.

US secret police operatives have incited riots, provoked killings and paid for the highways and roads in Nicaragua to become barricaded to obstruct transportation.
