This video was uploaded in August 2019.

*The video below shows Doctor Robert Epstein during his 2019 Senate testimony concerning media manipulation in the 2016 US elections.*

*He testified that Google's manipulation of votes, through biased search results, gave at least 2.6 million additional votes to Hillary Clinton in 2016.*

*And in 2020, they could shift at least 15 million votes without people's knowledge and without leaving paper trail for authorities to trace.*
