*A real-time demo of the most devastating election theft mechanism yet found, with context and explanation. Demonstration uses a real voting system and real vote databases and takes place in seconds across multiple jurisdictions.*

Over 5000 subcontractors and middlemen have the access to perform this for any or all clients. It can give contract signing authority to whoever the user chooses. All political power can be converted to the hands of a few anonymous subcontractors. It's a product. It's scaleable. It learns its environment and can adjust to any political environment, any demographic. It runs silently, invisibly, and can produce plausible results that really pass for the real thing.
