Germany - The COVID-19 Extra-Parliamentary Inquiry Committee Conference, 03rd July 2020

"We will not be delayed any longer. We citizens have the power. We are doing it", with these words Heiko Schöning announced the Extra-Parliamentary Corona Investigation Committee (ACU) on 31st May 2020 in Stuttgart in front of 5000 demonstrators.

On 3rd July 2020, the ACU started with an information conference in several languages. All citizens, national and international, can make suggestions for experts and witnesses (kontakt@ärzte-für-aufklärung.de). The speakers of the ACU (Heiko Schöning, Bodo Schiffmann, Martin Haditsch) invite the experts and witnesses to the public hearing of evidence.

Professor Anthony Hall: Canada

We need somehow to widen this noble German initiative mounted by conscientious health care practitioners into some sort of international inquiry to look into the crimes that have taken place in terms of international community.

This international inquiry must reserve some of its energy for an investigation of the pathogen laboratories where research in public health and bioweapons inappropriately intersect. Clearly Bill Gates has performed a major role in the ongoing crime spree involving the generation of the panic pandemic.

To investigate the question of "who benefits," a good place to start is the interests around Gates including the World Economic Forum and the UN's World Health Organization. The contracting out of agencies like WHO to the patronage of the billionaires club has proven to be a bad bad move.
