Guest is Deborah Conrad, Hospitalist Physician Assistant and PR spokesperson. She has won a physician excellence award during the pandemic. And was then later declared “a disgrace” when she spoke up for safety and the harm she was seeing from these vaccines.

This session is about what she saw when the vaccines were rolled out in her hospital and how she came to know about VAERS.

- About her experience as a hospitalist PA (for 18 years), her role in leadership and what happened to her when she started to speak up about the required VAERS reporting that wasn’t being done or educated to them.
- About how, one day, she was walked out of the hospital, publicly humiliated in front of her peers, for standing up.
- How the FDA, CDC and the NY State Department of Health ignored her warnings and pleas for help
- How the VAERS representatives were unable to help her and
- How rigged the system actually is to make the vaccines look “safe and effective.”
