Is Israel guilty of piracy? Watch the video and decide for yourself how many international and maritime laws Israel has broken. The Israeli navy hijacked the Spirit of Humanity in international waters. The Israeli government hijacks Palestinian fishing boats, in Palestinian territorial waters, kidnaps the fishermen, and sends its military out to shoot to wound and kill them as they struggle to make a living. After watching this video, you will be convinced that Israel has committed acts of piracy against Palestinians and against internationals. No other country would be allowed to do what Israel does on a daily basis.

The International Solidarity Movement (ISM) volunteers were accompanying fishermen to document attacks on them by the Israeli Navy, and to provide a deterrence to these attacks. (www.palsolidarity.org)
