Unedited [footage released Friday](#) by House Speaker Mike Johnson is devastating the Democrat narrative that a violent insurrection unfolded at the US Capitol on Jan. 6.

Clips below, available at the [CHA Oversight Subcommittee Reading Room](#), instead show Capitol Police officers gleefully shaking hands with, fist-bumping protesters and leading protesters through the halls of the Capitol.

I’m shaking.

The police facilitated January 6th

This is why they withheld the tapes

The J6 committee should be censured and expelled for lying to the public

The release proves the cops allowed, aided, and even participated in J6

22 years in prison for this? No wonder they didn't want it released.

In the following clip, police uncuff a “protester” after he’s led away from the crowd, then fist-bump him before telling him to proceed around a metal detector.

🚨BREAKING: The recent release of the J6 videos by Speaker Johnson appears to be proving the insurrection was an inside job.

In this video alone we can see that Capitol police release a ‘protester’ and allowed him to keep his gear after he got out of view.

The contrast between Democrats’ narrative and what actually happened is so absurd many used it as a meme opportunity.

Importantly, the videos do not show protesters violently attacking police officers, or by any means attempting to overthrow the election.

The protest was for the most part literally a mostly peaceful demonstration.

As previous footage has shown, in many cases police instigated the infamous Capitol riot by firing rubber bullets at otherwise peaceful protesters.

Former Republican Sen. Liz Cheney (Wyo.), who sat on the Jan. 6 Committee, attempted to push back against the damning footage circulating on social media by sharing a selectively-edited montage of some of the more contentious moments that day.

Here's some January 6th video for you.

Many are hopeful the hours of footage now in the public's hands will contain exculpatory evidence helping exonerate J6 defendants.

22 years in prison for this? No wonder they didn't want it released.
