From the very outset in January 2020, people worldwide were led to believe and accept the existence of a rapidly progressing and dangerous epidemic. Media disinformation and the fear campaign were instrumental in sustaining the COVID-19 narrative.

Scientific lies and falsehoods have been used to sustain the legitimacy of the COVID-19 policy mandates including lockdowns, the imposition of the face mask, social distancing and the suppression of fundamental human rights.

People worldwide were led to believe that Big Pharma's COVID-19 vaccine injections were the “solution”.

A structure of “Global Governance” dominated by powerful financial interests is unfolding which undermines democracy and the institutions of civil society. More than 7 billion people worldwide are directly or indirectly affected by the corona crisis and the destructive

mandates implemented by morally depraved national governments. The entire planet is in state of economic and social chaos.
