Dr. Tanya Haj-Hassan, Pediatric Intensive Care Doctor for Doctors Without Borders, details in the video below the human suffering of the people in Gaza amid Israel's targeted airstrikes.

“The entire hospital healthcare system collapsed almost a week ago, it was announced on TV for the whole world to see. In that week, there has been indiscriminate bombardment, it's targeting healthcare facilities, ambulances, churches, mosques, schools, densely-populated refugee camps — wiping out entire families in a second. There are almost 1,000 families in the Gaza Strip who have at least two members of their family killed in the last three weeks.”
