The Covid lockdown is an act of economic and social warfare, which is unprecedented in World history, directed simultaneously in one fell swoop against 193 member states of the U.N.

The lockdown is an integral part of a hegemonic agenda, directed against humanity and the sovereignty of all nation states.

What is envisaged under “the Great Reset” is a scenario whereby the global creditors will have appropriated by 2030 the World’s wealth, while impoverishing large sectors of the World Population.

The WEF’s Great Reset motto is: In 2030 “You’ll own nothing, And you’ll be happy.” Namely a process of global impoverishment and social destruction unprecedented in World history.
