

Viruses: Man-Made for Big Pharma Vaccine Profits?

Having accepted that CoVid is a manmade virus, how many other viruses are actually manmade as well?

In 1920, Karl Landsteimer, a jewish physician, discovered the infectious character of polio and isolated the virus. In 1923, Landsteiner arrived in New York at the invitation of Simon Flexner, to work at the Rockefeller Institute. It is stipulated that The Rockefeller Institute created a vaccine which caused the Spanish Flu to morph into a bacterial pneumonia killing hundreds of thousands.

In 1950, Polio cases peaked.

In 1940, Hilary Koprowski, a jewish scientist, moved from France to Rio where he worked for the Rockefeller Foundation. In 1950 he developed an oral polio vaccine. His vaccine was tested on a rat despite polio never infecting any animal. His vaccine was not US approved but was used in Africa from 1957 thru 1960. AIDS arose in Africa in 1960.

In 1984 Robert Gallo claimed to have linked HIV as the cause of AIDS, winning a Lasker Award in 1986 when Fauci became Director at NIH. After it came to light that Gallo had used unauthorized research from France's Pasteur Institute to make his HIV connection, a lawsuit was settled between NIH and the Pasteur Institute in 1987.

In 1992, Rolling Stone Magazine postured that Koprowski's polio vaccine caused the Aids Virus in Africa. Gerald Myers worked directly with Fauci and emphatically declared that HIV causes AIDS. He categorically stated that the polio vaccine did NOT cause AIDS – HIV did. The CDC became embroiled at the claim as well and denied it viciously. Because of these stated contradictions, the medical community accepted it and this became the official pronouncement via NIH – aka Fauci.

The first publicized announcement of AIDS in the US was via Rock Hudson. However, he did not die of AIDS, he died of "Kaposi Sarcoma" which is a rare disease of the Herpes virus

family.

In 2009, Kary Mullis, a Nobel Laureate biochemist and virologist, claimed there was no proof HIV caused AIDS. He claimed there was no scientific evidence or proof to substantiate the claim. Mullis was the inventor of the PCR test which was used as an amplification of DNA. He emphatically stated throughout his career that the PCR Test could NOT be used to test for any virus.

Mullis was vocally very 'not fond'; of Fauci.

Mullis died months before Covid was rolled out and Fauci declared the PCR Test would be used to test for the virus. Mullis has since been declared a crack pot by Fauci.

In 1955, Jonas Salk, a jewish medical researcher, developed and released his injectable vaccine for polio. He served on the board of the MacArthur Foundation. The MacArthur Foundation is heavily involved in the promotion of the World Economic Forum and Bill Gates depopulation agenda.

In 1961, Albert Sabin, a jewish medical researcher who worked for the Rockefeller Institute, developed his version of an oral vaccine which hit the market – they claimed polio was completely eradicated in the US by 1986. Sabin began work for NIH under Fauci in the 1986.

Sabin's vaccine was '*tested*' on 100 million people in the Soviet Union, Europe, Mexico and The Netherlands. There were no records or tracking of polio in any of these nations at the time. The first *trial* in the US was in 1960 on 180,000 school children. It was licensed in 1961. According to WHO, polio was eradicated globally in 1960.

According to the UN, a Global Polio Eradication Initiative was developed in 1988 to vaccinate the globe. They claim that because of this initiative, polio cases were reduced by 99% – despite WHO declaring it was eradicated 27 years earlier.

Between 1998 and 2017, vaccine-associated polio arose.

In 2000, Bill Gates Foundation began unregistered unapproved testing of his oral polio vaccine in India. Vaccine induced polio became the norm. In 2004, Bill Gates Foundation in collaboration with WHO, announced a new polio vaccine that would eradicate all polio from all causes, including vaccine-induced, by 2005.

In 2022, Gates claimed a new polio was on the rise – wild polio. A new campaign in Africa, India, and Pakistan was seeded by WHO. Another new vaccine.

Polio was naturally eradicated in the late 1950's. Then again via vaccine in 1960's. Then again in the 1980's. Then again in the early 2000's. Then it rose again as Gate's, WHO and the UN collaborated to vaccinate all of Africa, Pakistan, India, Indonesia, and Afghanistan.

Eradicated: "to do away with completely as from the roots".

How many viruses are manmade? How many man-made viruses have evolved into the creation of drugs and vaccines? Designed to keep people sick. For Profit.

The largest Mass Hypnosis imposed on mankind. We have blindly accepted scientific and

medical data because this is what we are told to do. Doctors and Pharma were revered as demi-gods. How many times have you heard, “we don’t know what causes disease x – but we can give you a pill ...” ?

US Government is poised to initiate new Mandates due to a new CoVid – this September.
