What US and European media have been slow to figure out (or ignore), is how Israel is up to its neck in fueling the long dirty war next door in Syria.

Let's be clear - once again Israel has been caught red-handed providing aid and comfort to Islamic militant terrorists in Syria, as reported by the *Wall Street Journal* (see full report below). Understand that this flies in the face of all of Benjamin 'Bibi' Netanyahu and the US Republican Party's lyrical proclamations and hollow platitudes about how Israel is 'leading the fight against terror' in the region.

This is not the first time that we've reported on Israel's direct intervention in Syria on behalf of al Qaeda, al Nusra and ISIS. Previous reports in [February 2015](#), and in [January 2015](#), in [December 2014](#), and also in [October 2014](#), all clearly demonstrate a pattern of Israel providing various levels of support to the different western and GCC-backed terrorist groups attempting to break-up the nation of Syria and overthrow Bashar al Assad's government in Damascus.

Last fall, the *Times of Israel* [reported](#):

“A Free Syrian Army commander, arrested last month by the Islamist militia Al-Nusra Front, told his captors he collaborated with Israel in return for medical and military support, in a video released this week.

In [a video](#) uploaded to YouTube Monday ... Sharif As-Safouri, the commander of the Free Syrian Army’s Al-Haramain Battalion, admitted to having entered Israel five times to meet with Israeli officers who later provided him with Soviet anti-tank weapons and light arms. [Safouri was abducted by the al-Qaeda-affiliated Al-Nusra Front](#) in the Quneitra area, near the Israeli border, on July 22.

“The [opposition] factions would receive support and send the injured in [to Israel] on condition that the Israeli fence area is secured. No person was allowed to come near the fence without prior coordination with Israel authorities,” Safouri said in the video.”

Notice also how all of the so-called ‘Islamic Jihad’ terrorists groups operating in and out of Syria are completely focused on opposing President Bashar al Assad in Damascus – but have never once mentioned the plight of the Palestinian or raised a hand in the direction of the Jewish State of Israel. This proves conclusively that the US-Tel-Aviv-Riyadh Axis are absolutely in control of these terror cut-out groups.

The evidence speaks for itself, even though Israel and the US continue to play dumb...

Netanyahu gives a pep talk to Islamic terrorists resting in Israel, before sending them back into the fight in Syria.
