Dr. George Szamuely, a distinguished member of the Global Policy Institute of London Metropolitan University, is a British citizen and not a partisan of US politics. He has carefully investigated the so-called Russian dossier and reports that it was entirely the work of the Hillary Democrats.

This fact was known at the beginning both to former CIA director John Brennan and to former FBI director James Comey. Yet both went along with the DNC-invented story of Russian election hacking and Christopher Steele's fake "dossier" on Trump's imagined relations with Russians.

The prostitute media told the lies that they were supposed to tell. The consequence of this plot has been to waste the first year of Trump's presidency and to prevent President Trump from reducing the dangerously high tensions with nuclear power Russia. This is a disservice not only to President Trump but also to the American people and the planet itself.

Dr. Szamuely delivers the sordid details of the plot by a corrupt American establishment to destroy a president selected by the people and not by the ruling interest groups.

The arrest of Paul Manafort by former FBI director Robert Mueller is a further indication of the corrupt character of Washington and the "law" that it utilizes as a weapon. Mueller is supposed to be investigating "Russiagate." His arrest of Manafort has nothing whatsoever to do with Russiagate. Mueller arrested Manafort on the basis of allegations that in 2006, a decade prior to "Russiagate," Manafort did not report as income payments he received as an unregistered agent for the Ukrainian government.

According to newspaper reports at the time, Zionist Neoconservative Richard Perle, a former member of the Defense Policy Board and an Assistant Secretary of Defense, served as an unregistered agent for Turkey and was not arrested for his violation of the registration act.

But Manafort is different. By arresting Manafort, who served for a time as Trump's presidential campaign manager, Mueller can pile on false charges until Manafort buys his way out by providing Mueller with false charges against Trump.

In US federal courts today, charges no longer have to be proven, just asserted. If Trump's surrender to the military/security complex and abandonment of his intention to normalize relations with Russia do not suffice to make Trump acceptable to the military/security complex, Mueller can squeeze Manafort until Manafort agrees to whatever story Mueller hands him. The last thing Manafort or Trump can count on is justice. There has been no justice in the US "Justice" system for decades.
