The White House website published a petition accusing Obama of war crimes and demanding for him to be prosecuted. It already gained more than 7,000 signatures.

The petition states:

We demand conviction of a war criminal Barack Obama and trial in the International Criminal Court in [The] Hague. He is guilty of crimes not only against the USA citizens, but against the whole world”

The authors also note that “one of the most dreadful prisons in history - Guantanamo - continues to function.”

HOW & WHY

WE PETITION THE OBAMA ADMINISTRATION TO:

We demand conviction of the USA president Barack Obama and trial in the International Criminal Court in Hague.

We demand conviction of a war criminal Barack Obama and trial in the International Criminal Court in Hague. He is guilty of crimes not only against the USA citizens, but against the whole world.

One of the most dreadful prisons in history – Guantanamo - continues to function. Libya was destroyed as a result of Obama's aggression. In Syria, Obama's agents train, fund and organize terrorist groups, deceitfully naming them "moderate opposition", who, among other things, bear a relation to Al-Qaeda, implicated in crimes against the American people. Secret services collect the Americans' personal data information on a 24 hour basis under the canopy battling terrorism, using electronic surveillance tools on political undesirables, effectively stomping on the Americans' right for privacy.

The US added to the de-stabilization of the situation in the Middle East, too, the petition's authors state.

"Libya was destroyed as a result of Obama's aggression. In Syria, Obama's agents train, fund and organize terrorist groups, deceitfully naming them 'moderate opposition,' who, among other things, bear a relation to Al-Qaeda, implicated in crimes against the American people."

Last but not least, the petition accuses the US government of constant illegal surveillance.

"Secret services collect the Americans' personal data information on a 24-hour basis under the canopy battling terrorism, using electronic surveillance tools on political undesirables, effectively stomping on the Americans' right for privacy."

If the petition - published on Monday - gets 100,000 votes by March 9, the White House administration will have to respond to it.

out of the White House while it's not too late!
