Introduction

In November 2012, the UN General Assembly accepted the resolution upgrading Palestine to a non-member observer state in the United Nations family of nations. The UN Charter supposedly protects the territorial integrity or political independence of any state from the threat or use of force. What a laugh!

In 2021, the UN Charter provided for peacekeeping and even armed intervention on behalf of Palestine against any outside aggressor that included Israel. Under its *P2P Doctrine*, the UN must deploy its forces to Palestine to protect Palestine from further Israeli war crimes. Another double-laugh!

The continuing paradox is that in the war in Gaza, the UN Charter is not being enforced, to say the least. The paradoxical levels of external complicity and indifference in its case, particular by the immense clout of malevolent, hard-hearted foreign actors, like the Zionist-riddled U.S. government, and its chief allies in Canada, the UK, Western Europe and rest of the world, is that, for years, they've all provided cover with a blind-eye towards Zionist Israel's illegal military aggressions against Palestine and the Palestinians.

Foreign combatants, like the United States, with a continuing disdain and contempt towards the UN Charter, continue to assist Israel in multitudinous ways – with enormous amounts of their taxpayers illegally-stolen monies, weaponry, and logistical know-how – to unequivocally support Israel's heinous aggressions against the Palestinians and Palestine that, since 1948, have remained perpetually trapped in a nightmarish, Kafkaesque United Nations *Wild, Wild West* in which Zionist Israel has no legal right, in itself, to exist, yet has remained above and beyond any man-made law; as if it was the self-proclaimed bully-in-the-

playground, along with its thuggish bully mates – the United States and their other bully-mates – who have declared themselves the ultimate rulers, that the rest of the so-called ‘civilized’ world are unable or unprepared to do anything about.

Palestine and the Palestinians, therefore, remain the sacrificial lambs on the world’s banquet table or altar to the gods, to be carved up by ruthless fascists, the equals or worse than any fascist who have come before them.

Yet the world continues to be paralyzed by fear or self-interests, forced to accept Israel’s existence as a state while Palestine is not, world be damned.

In 2022, PLO President Mahmoud Abbas reiterated his appeal for the State of Palestine to become a full-fledged member of the UN family. Abbas then warned the UN General Assembly, “Palestine, the Observer State in this organization for 10 years, now has proved that it qualifies for full membership.” More idle, useless words!

Indigenous Palestine, one of those signatory places in the world where a double standard continues to exist for a nation as old as Palestine, that hasn’t yet received recognition for being a bona-fide state the equal of Israel, the United States or any other member state within the United Nations.

World Is Blind When It Comes to Zionist Israel’s Right to Exist

America and Canada’s violent, unnatural birth destroyed Turtle Island, the sacred ancestral indigenous homelands of the First Nation peoples of the New World; massively murdering its original non-human and human inhabitants, relocating the survivors to the then most inhospitable, desolate, places, referred to as reservations or reserves, in what is now the United States, Canada, Central and South America.

In the Caribbean and Southern regions of the United States, the Black African slaves, and native peasantry the white race imported and kept in chains to do the heavy labor for them that they were unaccustomed to doing, on what became known as ‘plantations’, were kept in bondage until it ultimately took a violent, deadly-vicious turn with a Civil War, first in Haiti and then in the United States, with brothers and sisters fighting violently with one another, before the Black Africans, kept under lock-and-key, finally were freed from their bondage. The same things continued throughout the New World.

But these violent events, driven by ancient primitive homo sapien concepts in operation for

thousands of years, such as: “Might Makes Right”; “Power Rules”, “Money Corrupts”, and; “To the Victors Go the Spoils”, have never gone away; in spite of so much talk by the more evolved among modern humankind’s members, that homo sapiens had indeed evolved to the point that they had arrived at the Age of Aquarius and all the good things that the Human Potential Movement proclaimed it had to offer mankind’s leaders.

But, as geo-political events over the past century have brutally-shown, it is far-too premature yet for humanity to start glad-handing, patting one another on the back and declaring “You’ve Come Along Way Baby”. The Human Race hasn’t really come that long way anywhere, except that much closer to one nuclear bomb holocaust away from total annihilation. Perhaps, sooner rather than later.

If anything, the past WWI, WWII, and all the wars in between since have only shown, is that the genocidal excesses waged against fellow humans by the Nazis of the recent past haven’t gone away one iota, and now are viscerally alive and well in the Zionist state of Israel and that of its Gentile Zionist allies among the world’s leaders and their followers everywhere in the so-called ‘civilized world’; ever-lauding them with more and more weaponry. monies and stamps of approval for the Zionists ‘showcase’ treatment of the Palestinians.

For three quarters-of-a-century the state of Zionist Israel has been doing the same thing to the Palestinian peoples in their ancestral homelands of Palestine, while the world of so-called ‘united nations’ has looked on dumbfounded, at best, with incompetence and indifference, and, at worst, with cynicism; shocked and indignant by what happened on Oct. 7, but seemingly unshocked and unable to respond to the merciless vengeance and retribution that continues to be waged ever since by the Zionists, worldwide, against the Palestinians.

Zionist Israel Never Has Had a Right to Exist as Constituted

Israel’s Zionist’s apartheid, genocidal, ethnic-cleansing state will only, ever, legally exist in name only; so long as Palestinians are held in their occupied ancestral homelands as prisoners and captives by the Zionists; no differently then when the white Afrikaners ruled South Africa and turned the indigenous Bantu homelands in Southern and Western Africa into ten *bandustans*, like kennels for the indigenous Black peoples of the region; that kept them excluded under the policies of apartheid and racial segregation; as once did Canada and America through their own reserves and reservation systems of isolation and exclusion.

But now, from the top to the bottom of Zionist Israeli society, from Bibi Netanyahu and his fascist henchmen and women architects of Zionism’s *Final Solution*, has come their latest fascist spin that calls for, oh my, isn’t that wonderful: *humanitarian, Disney-like, fantasy islands* that, once the 1.4 million Gaza inhabitants of the region have been forcibly-removed at gunpoint, and force-marched to some unknown place elsewhere, they will be, wonder-of-all-wonders, when no other humanitarian truck convoys from the outside world, thus far, have ever been able to reach the sick, starving, malnourished, masses of Palestinians in their desperate hours and days of extreme need, so long as they now all will peacefully-cooperate, will, If they do, suddenly, will receive,as the United States leading humanitarian humanist on the ground, US Secretary Antony Blinken, himself, so enthusiastically proclaimed: “Palestinians will be *flooded with aid*”; comprised of all manner of a cornucopia of previously unavailable wonders – tasty food stuffs, all the water they can drink and bathe in, household utensils, bedding, medical supplies, cutting-edge hospital services, everything

imaginable.

Daniel Hagari, spokesman for the Zionist Israel's IDF Army, recently announced to the world that, along with the final blitzkrieg bombing of Rafah, the Zionists already have plans, one way or the other, to *forcibly remove* all the Palestinians, whether they like it or not, to these humanitarian fantasy islands; somewhere, yet to be determined. One can imagine them to be not unlike the wastelands of Oklahoma Territories in America where once the Five Civilized Tribes of First Nations peoples in the America's were unceremoniously-exiled.

Isn't that just lovely! Such a kind, thoughtful and considerate Bibi, 'Genocide Joe', Blinken and cast of thousands, with supporters in the: House of Representatives; Parliament; United Nations, and the do-nothings they represent, who will continue to sit on their hands, brains, hearts and feelings and do little more than declare: "isn't that just terrible! Maybe we can all: start an Avaaz campaign; plan another protest march, rally, or; or write to our elected member to see what they think".

Oh, well!! "Upward and Onward!", as the old saying goes. Life goes on for some unexplainable reason, while homo sapiens search for some higher reason, purpose, meaning of life, or ultimate destination under the Sun. Crimes Against Humanity, Be Damned.
