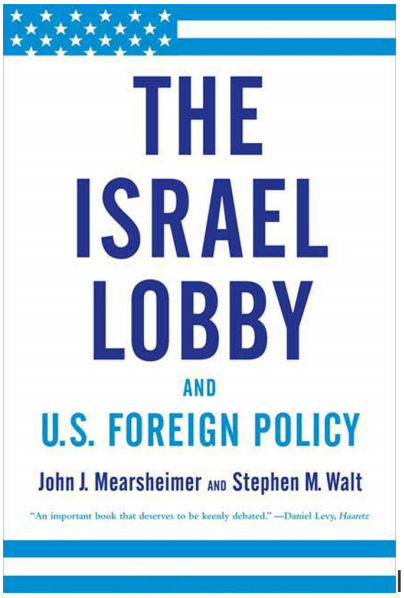
Several years ago two very distinguished American scholars wrote a book, The Israel Lobby.

The book made a very understated case that the Israel Lobby has far more power over the US government and media than is good for America or Israel, as it silences constructive critics who are Israel's friends. The two scholars were demonized by the Israel Lobby as advocating the return of the Holocaust.

The Israel Lobby presented itself as just a poor little weak thing unable to stand up to all the Nazis assailing Israel. Meanwhile the US Congress was unanimously passing outrageous resolutions handed to it by the Israel Lobby.

A number of former US Senators and Representatives, including Cynthia McKinney, have publicly stated that they were removed from office by the Israel Lobby for criticizing actions of the Israeli government, such as the Israeli government's attempt to sink the USS Liberty, in which a majority of the American crew were killed or injured.



Instead of defending the US Navy, the cowardly US government was so scared of Israel that the President of the United States and the Admiral conducting the inquiry, Senator John McCain's father, rushed to the defense of Israel and covered up the incident.

The coverup has been so successful that few Americans today know that a vessel of the US Navy was decimated by an Israeli air and torpedo boat attack, and Washington did not even

file a protest. Really! The US is a “superpower,” and the cowardly government cannot even stand up to Israel?

What do you think will happen to these pussies in Washington when they confront by their carelessness and unjustified arrogance the power of Russia and China?

Little wonder that after 15 years of pointless conflict the US has been defeated by a few thousand lightly armed warriors in Afghanistan, and the “Mission Accomplished” promouncement of the moron George W. Bush now requires intervention by the Russian Superpower to be accomplished.

Only Russia can bring the terrorism in the Middle East that the dolts in Washington created to an end. The low grade morons in Washington sponsor the terrorism in order to bleed the American taxpayer of money to pay the profits of the Military-Security Complex that President Eisenhower, a Five Starr General warned us about going on 7 decades ago.

The Americans are so incompetent that they should just depart the scene and go home and hide under their beds so scared they are of “terrorists,” largely an invention of neoconservative propaganda.

But it only takes a propaganda invention, a false flag event, to scare “powerful America” out of its wits.

I became an “anti-semite” when I observed that Israel’s treatment of the Palestinians resembled the Union Army’s treatment, under Sherman and Sheridan, of the American Plains Indians. Wholesale genocide.

An Israeli official wrote to me asking me why I criticized Israel for doing to the Palestinians what the United States government did to the native Americans. In other words, the Western World, and Israel that allegedly suffered the Holocaust, were not required to make any moral progress in one or two centuries. Whatever the Union war criminals did to the American Plains Indians in the 19th century is perfectly OK for Israel to to to Palestinians in the 21st century.

So much for those who believe in moral progress.

“Anti-semite” has lost its sting, because every justified criticism of the Zionist Israeli government is declared to be anti-semitism. The word is so overused and misapplied as to be useless. Indeed, to be declared “anti-semite” by the Israel Lobby is to be declared a person of high moral conscience.

Currently the Israel Lobby is at work destroying anyone associated with the Boycott, Divestment and Sanctions (BDS) campaign, which is an effort to sanction Israel for its genocide against Palestine. The popular musician, Roger Waters, is one of the few brave enough to support this movement.

Waters says that many of his colleagues, who protested the Viet Nam War and South Africa Apartheid are too "scared shitless of Israel" to protest what former US President Jimmy Carter called Israeli Apartheid.

Republicans, conservatives, and the Israel Lobby do not like Jimmy Carter because he speaks honestly, but that is why I respect him.

There is no doubt whatsoever that the Palestinians have had their country stolen. Now they, like native Indians in the US in the 19th century, have been confined to ghetto reservations. This is a simple fact. But anyone who states the fact is declared by the Israel Lobby to be an anti-semite who wants to kill all the Jews.

In other words, it is Zionist Israel that is committing genocide, but if a person mentions that fact that person is accused of wanting to do to the Jews what Israel is doing to the Palestinians.

Israel, thanks to the complete cowardice of the government of "the world's only superpower" and the largely Israeli controlled US media and entertainment industry, has got away with this raw exercise of the power of propaganda and intimidation.

But not with Roger Waters.

Support Roger Waters, one of the acknowledged greatest rock musicians of this era, when he stands up for the Palestinians and opposes the monstrous crimes of Zionist Israel:

It is amazing to me how courage has disappeared from the entire Western world. Insouciant Americans have lost their liberty to disinformation and fear. Such a fearful and afraid people have no prospect of standing up to the Russian and Chinese people.

The Western World buried in propaganda and lies is now in the trash bin of history. It is no more.
